Click Medical 100 Person Evacuation Kit

A large, comprehensive kit suitable for the safe evacuation of 100 or more persons. This kit contains a complete first response first aid kit, 100 foil emergency blankets as well as various tools to assist in emergency management. This Site Evacuation Kit weighing approximately 12kg is supplied in a holdall which converts into a back-pack for added versatility and mobility. Perfect for public buildings that host visitors and guests on a regular basis like shopping centres, theatres, museums and schools. Supplied in a holdall with pack-away shoulder straps.
