DATASHEET

Celox Haemostatic Gauze Roll 56G

Celox Gauze is designed to stop bleeding from arterial injuries, road traffic accidents and other life-threatening injuries.

- Significantly reduces blood loss
- Stops severe traumatic bleeding
- Works independently of the body's clotting mechanism
- Stops hypothermic bleeding and increases chance of survival³
- Celox gauze demonstrated a statistically significant improvement in survival (7%) and most evidently in the more severely injured
- To be used by trained emergency responders in the pre-hospital setting for temporary treatment of emergency life-threatening bleeding. Patient Target Group: Adults and children, excluding neonates and infants
